TECHNICAL BULLETIN: SIDEWALL DESIGN PATTERNS

Sidewall Design Patterns will vary based on tire and wheel size. On tires of equal height, a larger wheel diameter will result in a condensed sidewall and pattern.

Example:

A. 35" KLEVER R/T on 20" wheels = 1 row sidewall pattern

B. 35" KLEVER R/T on 17" wheels = 3 row sidewall pattern

about the VEZDA UHP MAX+

VEZDA UHP MAX+

KR20A

The VEZDA UHP MAX+ is Kenda's upgraded 200 TW Max Performance Summer tire, engineered for peak performance on the track and dependable handling on the street. Developed under the Podium2Pavement™ philosophy, this tire delivers race-proven capability with everyday durability—offering high value in a true ultra-high-performance package.

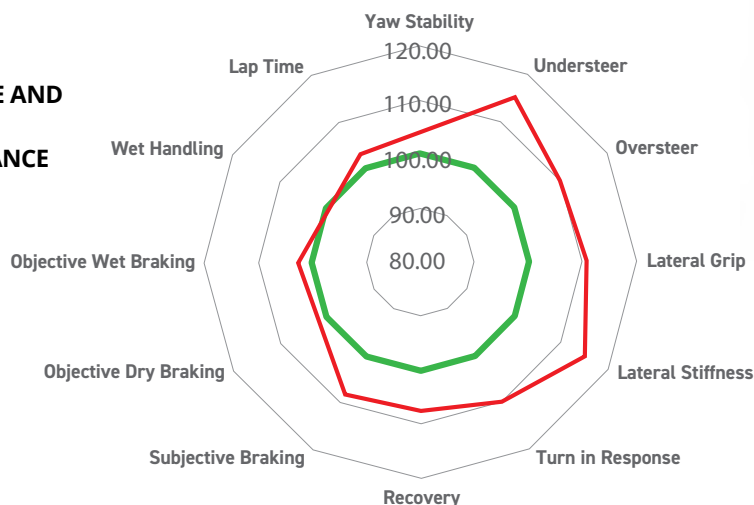

Key Features:

- 200TW AA A UTQG Rating**
 Combines excellent wet traction with race-ready summer performance.
- Podium2Pavement™ Design**
 Built for competitive motorsports and available for consumer use with no compromise in performance.
- Competition-Tested**
 Proven in: Formula Drift, Autocross, Grassroots Drift and HPDE (High Performance Driver Education) events
- Responsive Sidewall**
 Engineered for precise feedback and control in high-demand driving situations.
- Track-Ready, Street-Capable**
 Heats up quickly for consistent lap-to-lap performance while maintaining the durability required for daily driving.
- Enhanced Construction**
 - Redesigned belt and body ply angles improve contact patch stability.
 - Delivers enhanced cornering grip and faster steering response.
- Exceptional Value**
 Premium-level performance at a price point that exceeds expectations.

about the VEZDA UHP Summer

VEZDA UHP Summer

KR20A

The VEZDA UHP is a competition-inspired, summer ultra-high-performance tire designed for enthusiasts who demand premium performance. DOT-approved and race-proven, this tire is engineered for both spirited street driving and sanctioned motorsport use.

Key Features:

- Race-Proven Performance**
 Designed for street and track use; utilized in Autocross, Grassroots Drifting, Endurance Racing, and other open DOT competition events.
- Podium2Pavement™ Technology**
 The same tires that compete and win in grassroots motorsports are available to consumers through Kenda's retail partners.
- 300TW A A UTQG Rating**
 Balances high-performance handling and grip with respectable tread life for a summer UHP tire.
- Responsive Dry and Wet Traction**
 Engineered for precise handling and performance in varying summer conditions.
- Enthusiast-Focused Engineering**
 Prioritizes road feel, grip, and cornering stability for drivers seeking performance feedback.
- Application Range**
 Offered in sizes for 15"–19" wheel diameters to fit a wide array of performance vehicles.

-  • Directional tread design with uni-block shoulders provides incredible traction and lateral grip
-  • Optimized void for water evacuation
-  • Solid Center Rib for precise steering feel

the VEZDA UHP A/S²

VEZDA UHP A/S² KR405

The VEZDA UHP A/S² embodies Kenda's commitment to premium performance at a value price. This next-generation, ultra high-performance all-season tire combines the versatility expected from an A/S tire with the precision handling and excitement of a UHP tire. Engineered for sports cars, performance sedans, and modern CUVs and SUVs, the VEZDA UHP A/S² delivers balanced traction, confident braking, and dynamic responsiveness in wet, dry, and light snow conditions.

Key Features:

•All-Season UHP Performance

Formulated for confident, high-performance driving in dry, wet and light snow conditions.

•Narrow-to-Wide Groove Geometry

Improves hydroplaning resistance and delivers superior wet traction with balanced handling.

•Wet Traction

3D siping technology enhances wet and snow performance.

•UTQG Rating

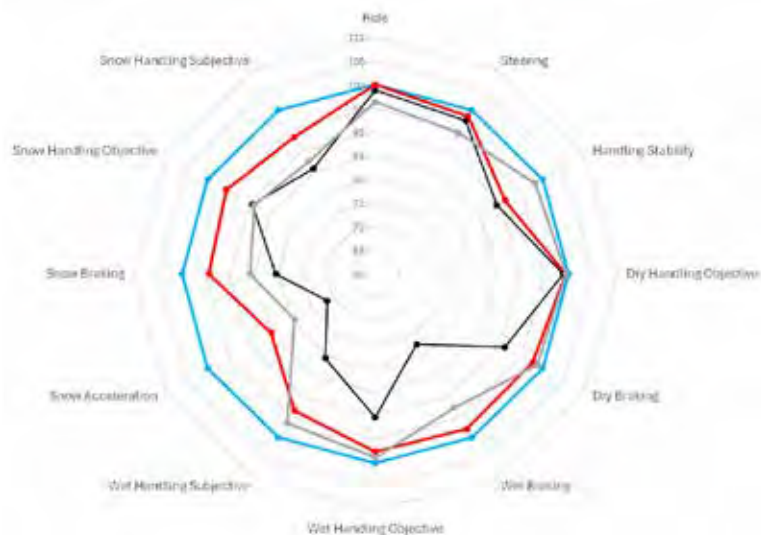

540 AA A, offering an improved balance of treadwear, traction, and temperature resistance.

•Expanded Size Offering

10 new sizes (vs. previous model) covering modern fitments for sports cars and performance CUV/ SUVs

•Warranty Coverage

Backed by a 50,000-mile limited treadwear warranty (25K if front/rear staggered sizes)

— Kenda KR405
— Competitor M
— Competitor F
— Kenda KR400

- Asymmetric tread design features stiff outer ribs and shoulder for crisp handling and more flexible inner ribs and shoulder for wet and winter traction
- Narrow to wide grooves achieve better handling with hydro-planing resistance and outstanding wet traction
- Multi-pitch tread pattern to minimize on-road noise
- Computer optimized footprint shape for excellent traction, steering response, and wear
- 3D sipes for improved performance in wet & snowy conditions as well as tread block rigidity

the VEZDA UHP A/S²EV

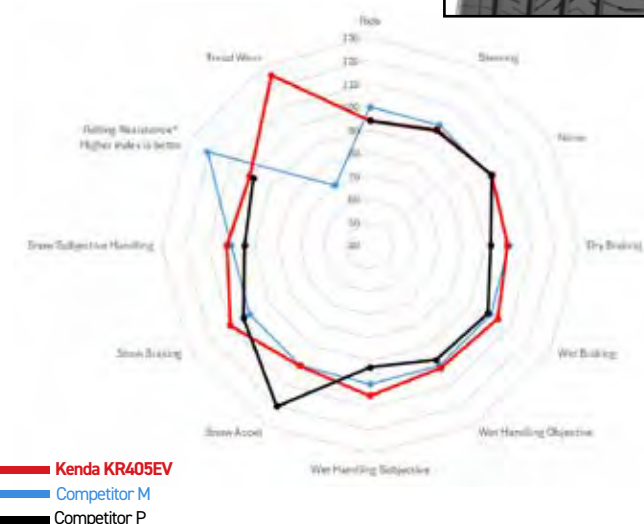

VEZDA UHP A/S₂ EV KR405EV

The VEZDA UHP A/S₂-EV is Kenda's new ultra high-performance all-season tire for Electric Vehicles (EV). This next-generation, ultra high-performance all-season tire combines the performance benefits of the VEZDA UHP A/S₂ with the needs of today's most popular EVs. The innovative, low rolling-resistance tread compound and integrated acoustic foam significantly reduce noise, while deep sipes enhance traction in challenging weather. With an estimated 3x the mileage, 90% range, and driving dynamics comparable to many OE tires, the UHP A/S₂-EV is built for endurance and premium performance in every season.

Key Features:

- **All-Season UHP Performance**
Formulated for confident, high-performance driving in dry, wet and light snow conditions.
- **Wet Traction**
3D siping technology enhances wet and snow performance.
- **UTQG Rating**
540 A A, offering an improved balance of treadwear, traction, and temperature resistance.

- **Warranty Coverage**
Backed by a 35,000-mile limited treadwear warranty
- **Road Noise**
Low rolling-resistance compound and integrated acoustic foam significantly reduce road noise.

- Asymmetric tread design features stiff outer ribs and shoulder for crisp handling and more flexible inner ribs and shoulder for wet and winter traction
- Narrow to wide grooves achieve better handling with hydro-planing resistance and outstanding wet traction
- Multi-pitch tread pattern to minimize on-road noise
- 3D sipes for improved performance in wet & snowy conditions as well as tread block rigidity
- Noise Suppression Foam minimizes noise

about the VEZDA Touring 4S+

VEZDA Touring 4S+ KR221

A premium all-weather touring tire engineered for coupes, sedans, CUVs, small SUVs, and minivans. Designed for year-round versatility, it offers confident performance in dry, wet, and light snow conditions while meeting severe snow service standards.

Key Features:

• All-Weather Capability

Certified with the Three-Peak Mountain Snowflake (3PMSF) symbol for severe snow service performance.

• One-Tire Solution

Ideal for regions with all-season weather variability that do not require a dedicated winter tire.

• Advanced 4-Season Tread Compound

Utilizes a proprietary blend of eco-friendly silica, resins, and soybean oil for durability, flexibility, and broad temperature range adaptability.

• Asymmetric Tread Design

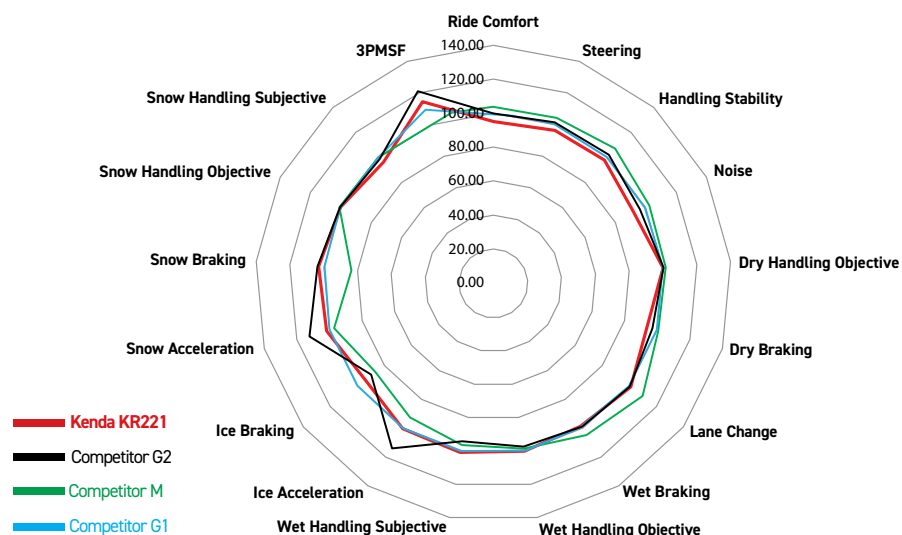

Enhances traction across varied conditions with excellent wear characteristics.

• Optimized Siping and Block Geometry

- Center rib siping maintains tread rigidity and provides biting edges for improved winter grip.
- Large outer shoulder blocks support stable dry cornering and feature generous siping for water evacuation.
- Inner circumferential grooves promote hydroplaning resistance and grip in slush and snow.

• Warranty Coverage

60,000-mile limited treadwear warranty for long-lasting performance and value.

- Asymmetric tread design and premium construction provides optimal contact patch and exceptional traction in wet and wintry conditions
- Three large circumferential grooves provide superior hydroplaning resistance and wet grip
- Computer optimized pitch sequence for longer tread wear and minimized pattern noise
- 3D sipes ensure confident wet and winter grip

about the VEZDA Touring A/S

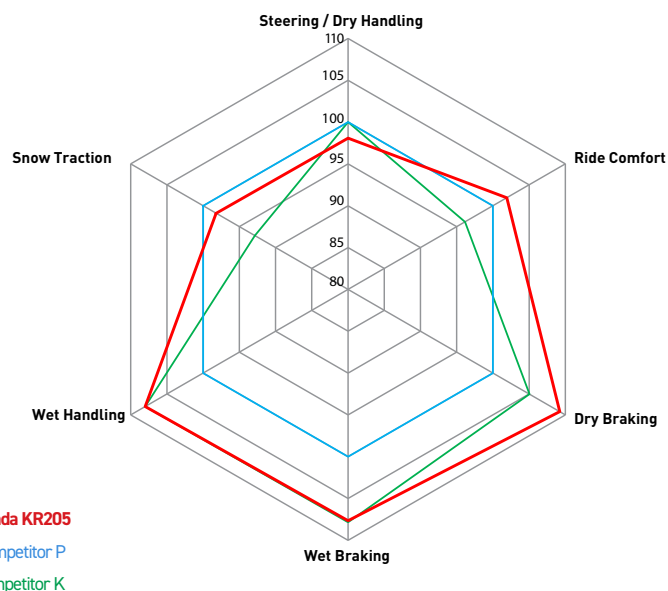

VEZDA Touring A/S

KR205

Designed for touring and luxury vehicles, the VEZDA Touring A/S delivers a refined balance of comfort, responsive handling, and dependable all-season traction.

Key Features:

- Grand Touring All-Season Performance**
 Engineered for year-round use, including light snow, with enhanced wet braking capabilities.
- Optimized Tread Design**
 Asymmetric tread pattern and advanced all-season compound deliver confident traction and long wear.
- Exceptional Ride Quality**
 Lower tire weight and Kenda's proprietary pitch sequencing minimize road noise for a quiet, comfortable ride.
- Hydroplaning Resistance**
 Four circumferential grooves efficiently evacuate water to maintain control in wet conditions.
- High UTQG Rating**
 Rated 620 A A, combining extended tread life with precise, responsive handling.
- Warranty Coverage**
 Backed by a 65,000-mile limited treadwear warranty for long-term value.

- Asymmetric tread design provides exceptional traction in wet and wintry conditions
- Four large circumferential grooves provide superior hydroplaning resistance and wet grip
- Computer optimized pitch sequence for better wear and lower pattern noise
- Decoupling groove for increased snow handling and wet traction

about the Kenetica Touring A/S

KENETICA Touring A/S

KR217

A value-driven touring tire engineered for all-season performance, the KENETICA A/S is ideal for a wide range of passenger vehicles requiring T & H speed-rated options.

Key Features:

•All-Season Reliability

M&S rated for traction in mud and light snow, with dependable grip across diverse road conditions.

•Next-Generation Design

2nd generation of the popular Kenetica series, delivering enhanced performance and durability.

•Comfort-Focused Construction

Lightweight design and advanced carcass construction improve ride quality and fuel efficiency.

•Noise Reduction Technology

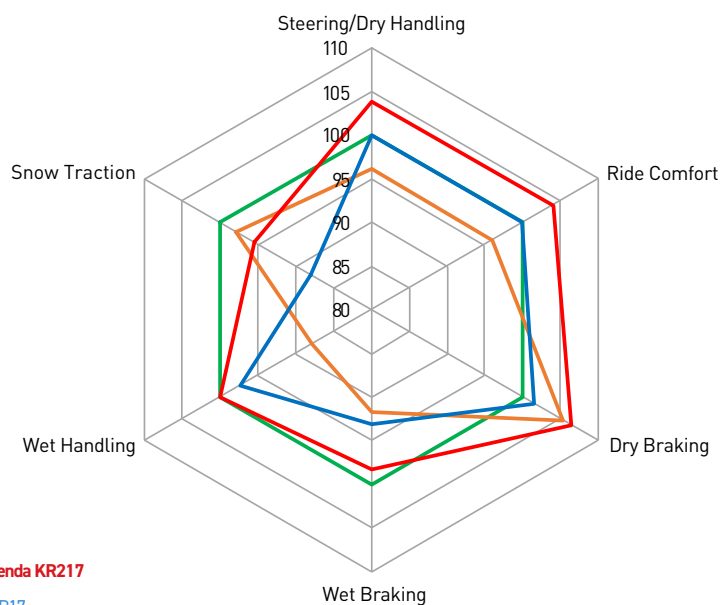

Random variable pitch tread pattern minimizes road noise for a quieter driving experience.

•UTQG Rating

580 A B, balancing long tread life with solid performance characteristics.

•Warranty Coverage

Backed by a 60,000-mile limited treadwear warranty for extended value and peace of mind.

•Symmetric tread pattern design for maximum steering response and handing

•Four large circumferential grooves provide superior hydroplaning resistance and wet grip

•Computer optimized pitch sequence for better wear and lower pattern noise

about the KLEVER S/T

KLEVER S/T

KR52

Engineered for CUVs and SUVs, the KLEVER S/T delivers dependable, all-season performance with a focus on safety, comfort, and longevity.

Key Features:

• Asymmetrical Tread Design

Enhances handling and traction in a variety of road conditions.

• All-Season Performance

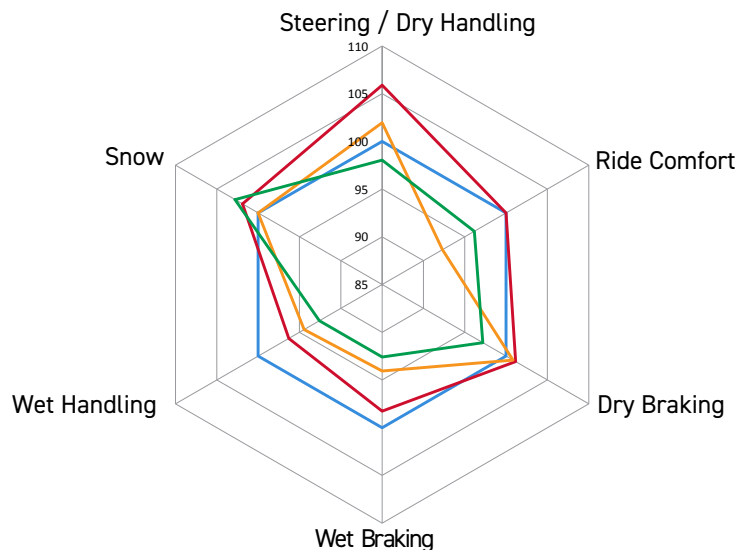

Optimized for wet and light snow conditions with consistent year-round reliability.

• Speed-Rated Technology

Supports high-speed applications without compromising control or stability.

• Comfort and Durability

Designed to deliver a smooth, quiet ride and extended tread life.

— Kenda KR52
— Competitor T
— Competitor S
— Competitor M

- Asymmetric tread design provides smooth quiet performance in dry, wet and winter
- Four large circumferential grooves for hydroplaning resistance and outstanding wet traction
- Multi-pitch tread pattern to minimize on-road noise
- Decoupling rib off shoulder minimizes noise as tire wears

about the KLEVER H/T 4S

KLEVER H/T 4S

KR620

Designed for pickups, vans, CUVs, and SUVs, the KLEVER H/T 4S offers a dependable, comfortable highway ride with true 4-season capability—including certified winter traction in all metric sizes.

Key Features:

• True 4-Season Performance

Optimized for year-round traction, including light snow; 3PMSF certified in all metric sizes (*excludes LT sizes).

• Patent-Pending Tread Design

- Four wide circumferential grooves create a vortex effect for enhanced water evacuation and hydroplaning resistance.
- Heavily siped tread blocks deliver biting edges for increased traction on snow and slush.

• Advanced Tread Compound

Proprietary polymer blend maintains flexibility and grip across a wide range of temperatures and conditions.

• Comfortable On-Road Ride

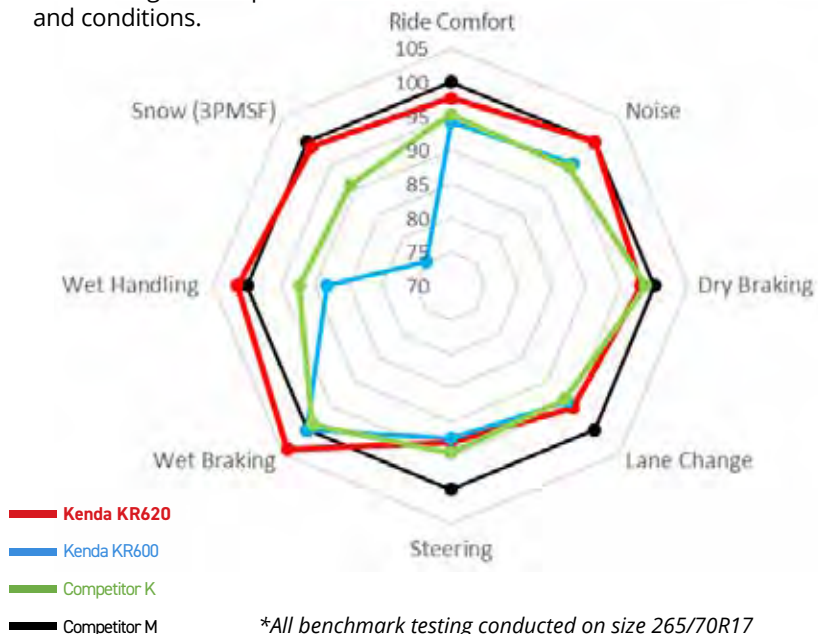

Engineered for smooth handling, noise reduction, and long-distance durability.

• Enhanced Sidewall Styling

Updated "KLEVER" sidewall design adds rugged visual appeal.

• Size and Warranty Coverage

- Available in 21 metric and 14 LT sizes.
- 60,000-mile limited treadwear warranty for metric sizes.
- 50,000-mile limited treadwear warranty for LT sizes.

*All benchmark testing conducted on size 265/70R17

- Symmetric tread design provides smooth quiet performance in dry, wet and winter
- Four large circumferential grooves for hydroplaning resistance and outstanding wet traction
- Multi-pitch tread pattern to minimize on-road noise
- Computer optimized footprint for reliable wear and excellent handling under multiple load conditions
- 3D sipes on every tread block ensure confident wet and winter grip

about the KLEVER A/T Trail

KLEVER A/T Trail

KR615A

Engineered for adventure and daily drivability, the KLEVER A/T Trail delivers rugged off-road capability, refined on-road performance, and certified winter traction—making it a true all-terrain, 4-season solution for light trucks, CUVs, and SUVs.

Key Features:

•All-Terrain Versatility

Built for off-road durability without compromising comfort or control on paved roads.

•Severe Snow Service Rated

Certified with the Three-Peak Mountain Snowflake (3PMSF) symbol for winter performance.

•Patent-Pending Tread Design

Symmetric tread pattern optimized for wet, dry, and snow-covered surfaces while reducing noise through size-specific tuning.

•Warranty Coverage

Backed by a 60,000-mile limited treadwear warranty.

•Advanced Tread Compound

Proprietary polymer blend enhances flexibility and traction across a wide range of temperatures and terrains.

•Enhanced Sidewall Styling

Bold, updated sidewall design delivers a rugged aesthetic to match performance.

•Speed-Rated Options

Available in T, H, and V-rated sizes to match modern vehicle performance requirements.

- Moderate interlocking tread blocks for enhanced off-road capabilities
- Four large variable-edge circumferential grooves for hydroplaning resistance, outstanding wet and snow traction
- Multi-pitch tread pattern to minimize on-road noise
- Jagged sipes on every tread block ensure confident wet and winter grip
- Offset shoulder ribs provide noise suppression and additional edges for traction

about the KLEVER A/T2

KLEVER A/T₂

KR628

Engineered for dependable all-terrain performance, the KLEVER A/T₂ is the next-generation solution for value-conscious SUV, light truck, and 4x4 drivers. Offering aggressive all-terrain traction and construction, this tire delivers all-weather capability, rugged durability, and a quiet, comfortable ride.

Key Features:

•Optimized All-Terrain Tread Design

Balances on-road comfort with off-road capability; engineered for reduced road noise.

•Interlocking Tread Blocks

Provide confident traction and stability across varied terrain while minimizing pattern noise.

•All-Weather Compound

Delivers enhanced year-round performance, including 3PMSF (Three-Peak Mountain Snowflake) certification on all sizes*.

*Excluding Heavy Duty sizes

•Aggressive Sidewall Styling

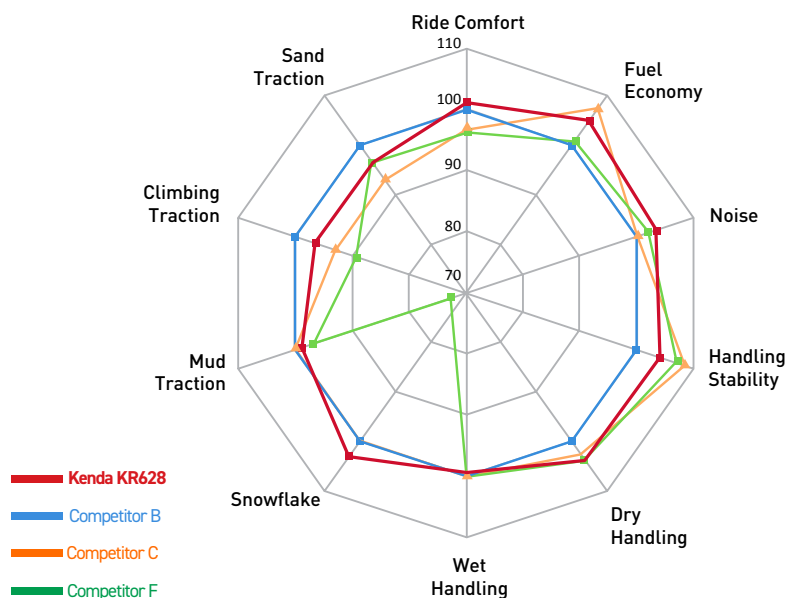

Enhances durability and contributes to improved grip in off-road environments.

•Dual Warranty Coverage

- 60,000-mile limited treadwear warranty for P-Metric/Metric sizes.
- 50,000-mile limited treadwear warranty for LT sizes.

•Durability & Versatility

Suitable for daily driving, light off-road use, and winter conditions.

- Interlocking tread pattern for optimized off-road forward and lateral traction
- Optimized void area enhances wet and off-road grip as well as hydroplaning resistance
- Multi-pitch tread pattern to minimize on-road noise
- Shoulder blocks loaded with jagged sipes for wet and snow traction
- Tie Bars connecting intermediate and center tread blocks provide added strength for mileage and handling

KLEVER A/T₂ HD

KR628

Engineered for dependable, long-lasting performance under demanding conditions, the KLEVER A/T₂ Heavy Duty (HD) tire is purpose-built for heavier, high-torque trucks. Optimized for enhanced treadwear and durability, the A/T₂ HD is specifically designed to meet the load and performance demands of ¾- and 1-ton pickups. The A/T₂ tread design still delivers a more aggressive, capable traction and appearance compared to traditional highway-terrain (H/T) tires—without compromising on-road stability and wear performance.

Key Features:

•Durability & Reliability

New, proprietary “heavy duty” tread compound for better durability and wear.

•Optimized All-Terrain Tread Design

Balances on-road comfort with off-road capability; engineered for reduced road noise.

•Interlocking Tread Blocks

Provide confident traction and stability across varied terrain while minimizing pattern noise.

•Aggressive Sidewall Styling

Enhances durability and contributes to improved grip in light off-road environments.

•Warranty Coverage

50,000-mile limited treadwear warranty for LT sizes.

- Interlocking tread pattern for optimized off-road forward and lateral traction
- Optimized void area enhances wet and off-road grip as well as hydroplaning resistance
- Multi-pitch tread pattern to minimize on-road noise
- Shoulder blocks loaded with jagged sipes for wet and snow traction
- Tie Bars connecting intermediate and center tread blocks provide added strength for mileage and handling

about the KLEVER R/T

KLEVER R/T

KR601

Built to tackle extreme terrain while maintaining the comfort and control of an all-terrain tire, the KLEVER R/T is engineered for 4x4 owners seeking performance both on and off the road. Its aggressive tread design and race-proven durability make it a versatile, high-performance choice for the most demanding conditions.

Key Features:

• Triple Threat Sidewall Construction

3-ply sidewall enhances puncture resistance and durability in off-road environments.

• All-Weather Compound

Optimized for year-round traction with superior wet performance and cold-weather reliability.

• High Sipe Density

Increases grip on wet and snowy roads while minimizing road noise for on-road comfort.

• Aggressive Sidewall Tread Blocks

Aid in off-road traction in mud, sand, and gravel; add protection against impacts and abrasions.

• Podium2Pavement™ Performance

Tested in competition and engineered for real-world off-road use.

• Pinned for Studs

Ready for winter stud installation to improve traction on ice and packed snow.

• Extreme Rim Protector

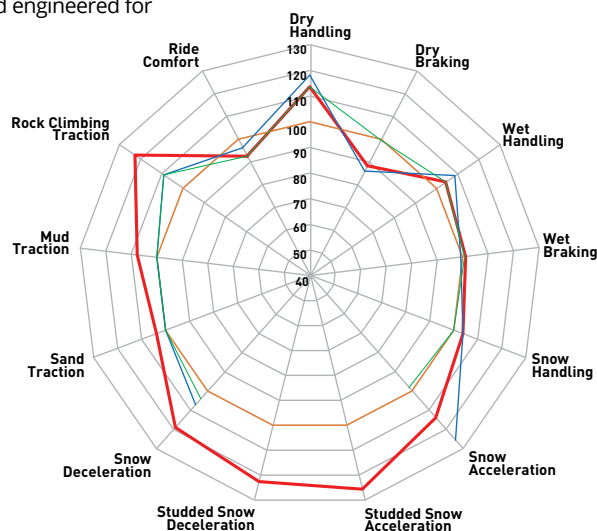

Shields bead area and wheel from trail hazards for added durability.

• Race-Proven Design

Validated through desert and short-course competition; the same tires used by professional racers are available to consumers.

• Visual Styling Options

Available in stylized Raised Black Letters, with select sizes offered in Raised Red Letters to honor Kenda's racing heritage.

- Optimized void area with stone ejectors to maximize hydroplaning resistance, wet traction, and mud traction
- Interlocking center block tread pattern with computer enhanced footprint for sure-footed handling under load, reliable mileage and low noise
- Studdable shoulder blocks with high sipe density for outstanding off-road traction and on-road grip
- Robust bead protector shields the bead area and rim from close encounters with trail obstacles
- Large alternating shoulder blocks provide traction in loose terrain and impediments
- Aggressive stacked-block sidewall protects against cuts, tears and abrasion

KENDA

KLEVER M/T₂

KR629

Developed for maximum off-road traction, the KLEVER M/T₂ is Kenda's second-generation mud terrain tire, engineered for enthusiasts who demand rugged durability, aggressive styling, and race-proven performance. Backed by years of development and testing across diverse terrains, the M/T₂ is built to conquer mud, sand, rocks, and more while maintaining confident on-road handling.

Key Features:

•Triple Threat 3-Ply Sidewall

Delivers enhanced protection against punctures and impact damage in extreme conditions.

•Optimized Off-Road Compound

Formulated for chip and cut resistance to extend durability in abrasive environments.

•Podium2Pavement™ Performance

Race-tested and verified with the same tires used in professional desert and short-course racing.

•Symmetric Tread Pattern with Interlocking Blocks

Proprietary design enhances off-road traction and stability.

•Advanced Ejector Features

- Stone, debris, and mud ejectors help maintain tread cleanliness
- Scalloped shoulder blocks improve lateral grip in deep terrain.

•Blockchain-Themed Sidewall

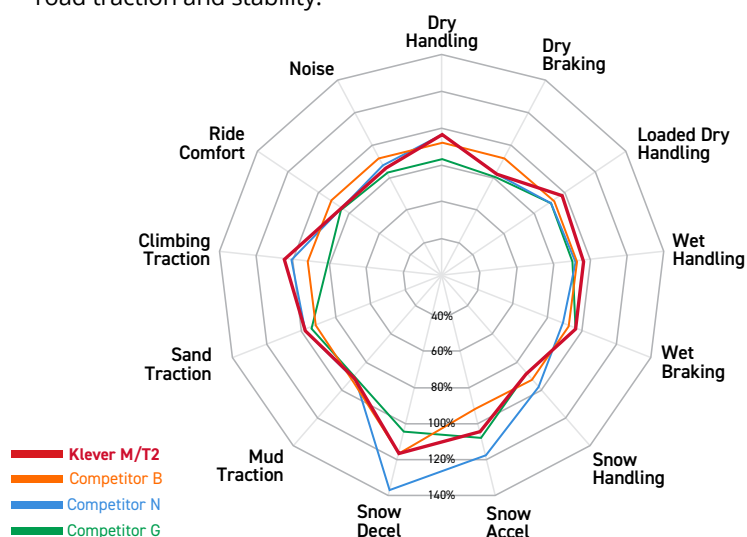

Enhances off-road grip and provides a unique, aggressive visual identity.

•On-Road Versatility

Engineered for solid wet and dry handling to maintain control when transitioning between terrains.

•Styling Options

Available in stylized Raised Black Letters, with select sizes offered in Raised Red Letters to honor Kenda's racing heritage.

- Interlocking tread pattern with studdable shoulder blocks for outstanding off-road traction
- Optimized void area with stone ejectors further enhances mud and off-road grip
- Multi-pitch tread pattern to minimize on-road noise
- Blockchain sidewall protects against cuts, tears and abrasion
- Studdable shoulder blocks with high sipe density for outstanding off-road traction and on-road grip
- Robust bead protector shields the bead area and rim from close encounters with trail obstacles
